

Dawn Falcon Causey

Dawn Falcon Causey has been showing quarter horses as long as she can remember! Dawn is best-known for her success in the halter division, but as a youth and amateur, she also competed in showmanship, western pleasure, horsemanship, and the occasional pole bending class to win an all-around!

Dawn's list of accomplishments in the show arena are highlighted by five AQHA World Championships, three AQHA Reserve World Championships and several top ten honors. Dawn is especially proud that showing horses is truly a family endeavor. Her parents, Don and Berta Falcon, have been one of AQHA's leading breeders of top halter horses for over 40 years. Dawn's husband, Brian Causey, and their five children, also share her love for showing halter horses and raising top quality show prospects on their farm in Columbia, Louisiana. They own AQHA Reserve World Champion halter stallion, Dominates Image and top-quality broodmares.

In addition to being an agent for Kaplow Insurance, Dawn owns and operates Horse Country Travel, a full-service travel agency specializing in the needs of those in the equine industry.....horse show judges, exhibitors, breeders and owners.

Dawn is excited about being an agent for the Kaplow Insurance Network. We offer the best rates, coverage, and outstanding customer service!
